## CAMERON IS FAVORED IN BI-DISTRICT 30,000 TURKEY PROGRAM IS FINANCED HERE NEW MILAM THEATRE IS DUE TO OPEN IN CAMERON SOON

### MILAM THEATRE IS NEARING COMPLETION

Formal opening of the Milam Theatre, a new modern show house, rising on the ruins of the old theatre destroyed by fire early in the summer, was expected to be announced in a few days.

Stanley Swift, owner, was working out details as architects and mechanics put the finishing touches on this modern show.

The theater is very modern in every detail, more elaborate and will have a large seating capacity. The structure carries into its appointments the most advanced ideas in motion picture theatres. It will be Cameron's finest theatre when finished.

Strictly fireproof the theatre approaches a major progress event for the city. One of the principal advantages of the new show house is the balcony. Lounge rooms are provided on the street floor and also off the balcony for colored patrons of the theatre.

A new lobby and a new front, plus a number of innovations in offices and storage spaces. The projection room is much larger and entirely fireproof. Mr. Swift's office will be in the Milam, the architects having designed a very large space on the second floor. As the theatre is to be completed there are 3 stories leading up from the lobby. The entrance to the theatre will be colorful and spacious with two large pivot doors leading into an inner lobby where patrons approach the seating area. A new screen plus all the fine lighting effects are provided.

Mr. Swift had a large share in designing the theatre. Heavily carpeted the interior will be luxurious. The seats will be the type now being used in the Cameron Theatre.

Mr. Swift plans immediate renovation of the Cameron.

### SUNRISE PROGRAM AT FIRST BAPTIST CHURCH

Union Thanksgiving Services will be held at 7 a. m. Thursday, November 25 at First Baptist Church.

The service is to be held under the direction of the Cameron Ministers Association.

A committee on arrangements is as follows: Rev. Wendall Carr, pastor First Christian Church, and Dr. W. R. Hall, minister at First Presbyterian Church.

The service is a Sunrise program and all who attend are asked to bring gifts of food to be distributed by the Association to underprivileged families.

Church choirs met Sunday at Baptist Church to arrange music with Tom Cole, choir director.

Many will leave the city early Thursday for Austin to attend the Texas-A&M football game.

### No Daily Herald To Be Issued Thursday

No Daily Herald will be issued Thursday because of Thanksgiving Day. Publication will be resumed Friday.

The Weekly Herald was mailed a day early so that the plant could be closed for the day. No mail will go out Thursday but subscribers will get the weekly on Friday morning as usual.

The weekly Herald comes to its readers in brief form due to the holiday week end.

The Publishers.

The New York Zoological Park has rated the ten most intelligent animals in the following order: chimpanzee, orangutan, elephant, gorilla, domestic dog, beaver, domestic horse, sea lion, bear, domestic cat.

### BODY OF MAJOR GILLIS RETURNED FOR BURIAL

The body of Major Wm. G. Gillis, killed in action in the fighting in France on October 1, 1944, was aboard a memorial ship along with that of some 7000 Americans who will be buried in their homeland.

Major Gillis, shortly before his death was in command of his Battalion in the heavy fighting before Metz and on the Moselle River in France. He had taken part in the surge of the famous U. S. Third Army under the late General George S. Patton and had been wounded in action while leading his men in the capture of St. Lo.

Mrs. Gillis and their daughter, Georgia Ann, were making their home in Cameron when the Major was killed. He was the son of the late Judge Graham Gillis and Mrs. Lula Chambers Gillis of Cameron.

Reburial will follow the arrival of the body in Cameron. Mrs. Gillis, the former Miss Lenore Wiley of Junction, is now at her old home in Kimble county.

Major Gillis received many high decorations for all around ability as a leader and for gallantry in action, including high British decorations.

Major Gillis was due for promotion to Lieut. Colonel at the time of his death. He was a graduate of West Point Military Academy and a member of the Army football team, elected Captain in his Senior year. Following his graduation he was married to Miss Lenore Wiley who was Secretary to Governor Coke Stevenson. His first assignment was as a training officer for commissioned men in the army.

### OVER 500 MEMBERS FOR CIVIC MUSIC PROGRAM

The Civic Music program for Milam county has been successfully concluded with more than 500 members, it was reported here early Monday by Mrs. Clifford Swift, Secretary.

Mrs. Swift was general chairman during the period of organization. Success of the move here is being widely heralded as a major cultural achievement for the city and county. In the closing hours of the drive for memberships more than 250 names were added to rolls.

Max McClaren, President of the Civic Music Association, spent the entire day Saturday as did all other workers in making a final drive for success.

Mr. McClaren said that the first concert under the Association plan is to be held around December 9, a tentative date and that Abram Jaques, celebrated pianist will be the guest star. Jaques is a Texas musician, native of Houston and is on the circuit in Cincinnati, New York and Philadelphia.

Mrs. Swift said that plans now call for an immediate program in early December, one in February and one in May.

Oxshier Smith, President of the Citizens National Bank, generously supported the program and gave 30 memberships to the Methodist Choir.

Mr. McClaren requested that mention be made of the appreciation expressed by himself and all officers of the Association for the newspaper support given by The Cameron Daily and Weekly Herald.

### DAUGHTER TO THE CUMMINGS

Mr. and Mrs. Buddy Cummings of Cameron are the proud parents of a daughter born at St. Edwards Hospital November 21, 1948. The baby weighed four pounds and twelve ounces and has been named, Billie Rae.

### 95 PER CENT OF CROP IS GINNED IN MILAM

Milam county's 1948 cotton crop will be under 20,000 bales, it was estimated by P. W. Davis at the Cameron Compress Company Saturday.

Mr. Davis said the compress had ceased for compressing about 16,000 bales of locally produced cotton.

Mr. Davis estimates that some 95 to 99 per cent of the entire 1948 crop has been harvested and the final figure on the crop might be around 19,000 bales.

Drouth conditions cut short what at one time were good prospects for a 25,000 to 30,000 bale crop. The crop brought a good price and cotton was still the largest money income to Milam county farmers.

### Fort Worth Negroes Injured In Mishap On Highway Here

Jesse Charles Whiting and David Whiting, colored, of Ft. Worth were injured early Monday morning when their car ran off a culvert near Ben Arnold.

Jesse Whiting driver of the 1931 Plymouth sedan fell asleep at the wheel.

The Whitings were returning to their home in Ft. Worth after attending funeral of a relative in Washington County. Beside the two injured there were two other occupants of the car.

David Whiting suffered a fractured arm and Jesse Whiting cuts and bruises on the head. Both are patients in St. Edwards Hospital.

### TEAM WEIGHT AVERAGES IN FAVOR OF YOEMEN

Cameron will have a team weight advantage over San Saba in the bi-district game here Friday night, November 26 but by only a matter of 65 pounds.

That difference can be traced to several positions in the line. Looking over the starting line up for San Saba as given The Daily Herald Wednesday by the San Saba News in an exchange of information, at the end positions the actual weight difference is small, since the Cameron ends, Mitchell and Armstrong combine to weigh 300 pounds and the San Saba ends Odean and Owen weigh 305 pounds.

In certifying the starting lineup to The Daily Herald a substitute, Edgar Thornton, No. 12, is listed for the quarterback position and no weight is given. In computing the team weights this newspaper has allocated 140 pounds to the quarterback.

Graydon Cavness the regular quarterback for San Saba, No. 17, weighs 148 pounds but is ill and may not see action in the game. Dougal Cameron, regular starter at left half back for the Armadillos, No. 11, weighing 134 pounds, has sustained a broken leg and is out of the picture altogether. These two casualties will weigh heavily against Coach Charles Chrane whose squad is very small.

The main threats are Dick Felts and Bill McDoniel. The reports all say that both are very fine backs, especially McDoniel who weighs 168 pounds and is playing at full back. The Armadillos will be under a weight disadvantage in the full back position.

(turn to page four)

### FOOTBALL GAME WILL CLAIM MANY HERE

Thanksgiving observance this year will follow traditional lines with a sun rise religious service at First Baptist Church in which members of other churches will join in a union of gratitude.

This service will be held at 7 a. m. Thursday, November 25 and a special offering of foods for the underprivileged families will be distributed. The Cameron Minsiter's Association will sponsor the Thanksgiving service and the distribution of gifts of food.

Football will claim its share of Cameron people. Many will go to Austin for the Texas-A&M game. On Friday night the fans here will attend the Cameron-San Saba game for the Bi-District title.

Cameron business houses will be closed Thursday as usual, Thanksgiving being one of the days to be observed as a holiday.

### Fireworks Warning For Buckholts

This is an appeal to those who buy fireworks to refrain from exploding them in the business section of Buckholts. Fireworks when exploded near buildings in town constitute a fire hazard besides the annoyance to shoppers. We ask that you co-operate in this matter so that it will not be necessary to take any action. The business men of the city have requested that we give this warning and to ask that full co-operation be had.

E. HORSTMANN,  
Constable Precinct 6

### Leaders Among Farm Bureau Members

Here are some of the Farm Bureau members and families at the kick off rally at National Hall October 21, 1948. Left to right: Henry Schattle, Sr., Elm Ridge; Hubert Jistel, Salem; E. B. Yager, Jones Prairie, Second Vice President; Edward Senkel, First Vice President of Buckholts; S. W. McClaren, President Milam County Farm Bureau, Marlow, Miss Reta Hanel of Hoyte, Farm Bureau Queen; Mrs. James Elrod, Hoyte, Secretary and Treasurer.

Second row: Hugh Wimberly of Milano, Henry Hoelscher, Elm Ridge, Geo. N. Fischer, Hoyte, Frank Durnie, Curry, John Slovak of North Elm (100 per cent director), Albert Dörner of Vogelsang. The other directors were unable to be present when this picture was made.

### Farm Bureau Grows From 25 Members to 500 In Short Time; 1000 Members Is The Goal

"Milam County Farm Bureau, although in pioneer stage, has grown from 25 members - to almost 500 members. However we hope to reach our goal of 1000 members by March 3, 1949," said S. W. McClaren, President.

"The blame for the high cost of living is placed on the farmers shoulders but let's look at the real facts. A farmer gets from \$162.00 to \$210.00 per ton for his peanuts. The consumer pays 5c a bag (and I mean a small bag) for roasted peanuts. At the price the consumer pays for these peanuts a ton of peanuts will bring \$6200.00 cash. Is the far-

mer responsible for the high cost of these peanuts?

"The farmers are organizing, not to go on strike or ask too much for their products, but to get a price for farm products that will enable them to purchase manufactured products necessary to the farmer.

"As another example, a buyer goes into a store and purchases a man's vest and shorts for \$2.00. The cotton in these 2 garments weighs 7 3-4 ounces and brought the farmer 13 3-4 cents. The 13 3-4 cents had to cover cost of seed, fertilizer, plowing, hoeing, poisoning, picking, hauling and

(turn to page four)

### PRODUCERS GET LIFT IN BIG PROGRAM HERE

Basil Wilson of the Wilson Produce Company in Cameron announced Friday that his company will finance the production of 30,000 turkeys in 1949.

Mr. Wilson said that a conference with prospective turkey raisers will be held here on Friday, November 26 and that already a number of producers have signed up.

"Our contract is a simple arrangement with the farmer or turkey raiser. We will furnish the poults and the commercial feed and all the farmer has to do is raise the turkeys and furnish his own grain. When the turkeys are ready for market we do not require that he sell them to us. He will be free of course to sell the turkeys wherever he wants to dispose of them. We, of course, hope to get our share of them," concluded Mr. Wilson.

Mr. Wilson hopes to see his plan reach 100,000 turkeys in a short time.

This announcement is regarded as the most far reaching step ever taken here to bring into being a large scale commercial poultry program. Mr. Wilson is interested in a broiler program because he knows well what it will do for farm income.

"This county is better situated than any county in the whole country for poultry and I feel that turkey production will be most profitable to producers. I think we can look ahead to good prices for a while."

Prices for turkeys this year have been higher than at any time in recent years and those who have produced turkeys have made large profits despite the increased costs of raising them.

Business men here feel that Mr. Wilson has announced a plan with every practical aspect. More of this interest and Milam county will get ahead fast with the abundant possibilities of turkey raising on a commercial scale.

### MILAM COUNTY SHOWS INTEREST IN PROGRAM

Milam county citizens heard rural roads discussed at a meeting of the Texas Good Roads Association here Saturday.

Judge Dan Tyson said the meeting was enthusiastic and that all sections of the county were represented.

The Texas Good Roads Association is organizing in every Senatorial District in the state. Judge Glass of Marlin, Secretary of the Association, spoke and Charles McClellan, member of the Legislature, was also here to speak.

Memberships in the Association are being sold at \$1.00 and the funds will be used to carry on the program to seek larger plans and appropriations for Texas rural roads. The plan calls for a program to be presented to the next Legislature.

Many here volunteered to become active in the various precincts to enlist memberships.

The representatives for the Association went to Temple Saturday night for a meeting there.

Clyde Franklin, Rockdale postmaster, was elected Secretary of the Milam county program of co-operation and E. A. Perrin of Cameron was elected Treasurer.

Mr. and Mrs. Wm. Sell of Buckholts have moved to Nocona, Texas, where Mr. Sell is employed as Cashier of the People's National Bank. For many years Mr. Sell has been with the Buckholts State Bank in Buckholts. The Sell family formerly lived in Cameron where they have many friends whose best wishes go with them to their new home.

## RESCUE OF AMERICANS IS AIM OF MISSION

WASHINGTON, Nov. 17— The Navy today ordered 1,250 Marines from Guam to reinforce the U. S. garrison at Tsingtao and cover the evacuation of American citizens from that Communist-threatened North China post.

At the same time, it was announced that two transports are enroute to Shanghai and a third is being sent to Tsingtao to remove some 4,600 Americans caught in the path of China's warring Nationalist and Communist armies.

Defense Secretary James Forrestal gave the first word of the Tsingtao reinforcement at a press conference. He said 1,500 Marines already were on their way to the imperiled sea-

port.

The Navy later said only 1,000 Leathernecks were headed there. It amended that announcement again, explaining that 1,250 Marine officers and men would leave Guam next Tuesday.

The Marines will sail aboard the transport U. S. S. Bayfield which will remain in Tsingtao to embark American evacuees.

Forrestal said the decision to rush more troops to North China was taken in consultation with the State Department would say whether the Marines would fight or withdraw in the event of a Communist attack on Tsingtao, which is deep inside Communist-held territory.

"It all depends on the circumstances, and there is no answer," a State Department spokesman said.

Joe Zajicek of Buckholts made a business trip to Cameron recently.

## RAPID WEATHER CHANGE IS SEEN FOR TEXAS

A fast moving cold front had established a frigid line across Texas at the tip of the south plains and colder weather was as far south as Wichita Falls.

Near freezing temperatures in the Texas Panhandle were reported early Thursday. Forecasts said that the front would likely move into central Texas late Thursday afternoon or in the early evening.

A low pressure area had developed Wednesday over north Texas, Oklahoma and Kansas, and it remained to be seen just what this would do to the cold air. South winds brought a blanket of moisture in from the Gulf waters and if the cold front is not too low or too high there is a chance that condensing would follow its arrival and bring rain.

The new cold wave was described as fairly chilly but not too frigid. Freezing temperatures were not expected in the Cameron area but relief from the warm weather of the past week might be realized from the change.

The norther was due to be of short duration. By Sunday it would be warmer.

## Joseph Hosch Now In Naval Engineering School At San Diego

Joseph William Hosch, E. N. F. A., son of Mr. and Mrs. E. J. Hosch of Fontana, California and former residents of Milam County, is attending the Diesel Engineering school at San Diego, Cal., Naval Training Station.

Mr. Hosch enlisted in the Navy June 25, 1948, following graduation from Chaffey High school in Ontario, Cal. He completed recruit training in August at San Diego. Mr. and Mrs. Hosch also have another son, Edward Hosch who is in the service, and is stationed at Groton, Conn. Both Edward and Joseph are the grandsons of Mrs. Rosa Chernoskey of Ben Arnold. The Hosch family moved from Texas to California in 1929.

## Mrs. W. O. Triggs Gives Book Review At B&PW Meeting

"Road To Survival" by William Voght, which was most interesting and presented in a fine manner.

Other guests were: Mrs. R. Schmidt, L. Van Perkins, Roy Wright and Alva Sanders.

Previous to the program refreshments of congealed salad and hot tea and coffee were served by Mrs. Harriett Heath and Mrs. Lottie Bigbee.

The next meeting will be held at the home of Mrs. Bonnie Donovan, December 7th.

Regular meeting of the Business & Professional Women's Club was held Tuesday evening with the president, Mrs. Edith Starnes presiding.

Mrs. Linda Perkins was chairman for the program, which was in keeping with the observance of National Book Week. Mrs. W. O. Triggs was guest speaker and reviewed the book

L. L. Locklin of San Gabriel was in Cameron on business this week.

## ENTIRE YOEMEN SQUAD SEE ACTION IN GAME

The Yoemen ended their 1948 schedule Friday night in an easy victory over the Waco Kittens 29 to 14 with every man on the squad getting in the game.

The Waco touchdowns were scored against the second team.

Coach Jackson sent in his regulars who kept pretty well under wrap using only a limited number of plays so that San Saba scouts in the stands got only a smattering of what they will be up against when the Yoemen take the field here next Friday night for the Bi-District title against the Armadillos.

The first Cameron score came early in the first quarter on power plays down to the Waco 3 yard line where Tommy Michalka carried over with Bob Wilkinson pulling out to kick the extra point. A few minutes later the Cameron forward wall playing its accustomed alert football soon had the Kittens in the shadow of their own goal from where Robert Zotz, big tackle, crashed through to

nail Speck Pierce behind his own goal to pick up 2 extra points on a safety.

Howard Beale, 195 pound full back ripped off a 28 yard run to pay dirt to set up the second touchdown. In the opening phases of the third quarter Beale again got loose and ran 52 yards for another score and Bob Wilkinson got the extra point. Alton Fuchs, quarterback, dropped back on the next scoring play for a pass to Olin Armstrong that clicked for 35 yards and a touchdown and Bob Wilkinson having a good night at it made the extra point again.

The bench was emptied into the Cameron line and backfield and Waco carried down to the one yard line where Pierce went over for the score and Patterson ran the ball over for the extra point.

Waco scored in the fourth quarter on a 35 yard pass from Pierce to Hubek and Pierce kicked the extra point.

The Yoemen escaped injuries and will be in top shape for their game Friday night against San Saba.

John B. Dodson, Jr., who is a senior at college in San Marcos has been notified that he has been recommended for recognition in the 1948-49 Edition of Who's Who among students in American Universities and Colleges. Students are nominated to Who's Who annually by approximately 600 universities and colleges. In making their selections, college nominating committees are instructed to consider the student's scholarship, his cooperation, and leadership in academic and extracurricular activities, his general citizenship and his promise of future usefulness. Mr. Dodson is the son of Mr. and Mrs. John B. Dodson of Cameron.

Mrs. Lena Sharpe will entertain the Auction 42 Club at her home on November 18.

## Sheriff's Car Kills 3 Year Old Hearne Child Late Wednesday

HEARNE, Nov. 19.—Funeral services for 3-year-old Wynema Williams, daughter of Mr. and Mrs. Harris N. Williams of Hearne, were held at 3 p. m. today from the Heartsfield Funeral Home.

The child was killed Thursday afternoon when struck by a car driven

by Falls County Sheriff Brady Pamplin. The accident occurred at 5:10 p. m. and the child was pronounced dead at the scene of the accident.

State Highway Patrolman Bill Mahoney of Robertson County investigated and said the youngster was running across the street to meet some playmates on the other side when she was struck. The tragedy occurred in front of the Williams residence, about half a mile outside the Hearne city limits on the Wheelock Road.

"The sheriff said he was driving between 40 and 50 miles an hour when the girl ran in front of his car," Mahoney reported. "Heavy skid marks behind the car measured 29 feet in length."

The car struck the child but did not run over her; Pamplin left his car where it stopped until the highway partolman arrived, witnesses said.

Justice of the Peace J. P. Mooney returned a verdict of death due to an unavoidable accident.

Frankie Bedrich of Little Flock near Temple transacted business in Cameron last week.

### THREE CASES SET

Three case are set for trial in District court Monday, November 22: Claude Robinson on charges of assault with intent to murder; Earl Whittacker raising a check and Finley Jackson, theft by bailee.

It has been found that the most effective time for psychological treatment of alcoholics is during the hang-over period.

Miss Gloria Gibson, recent clerk and designer for Burke's Variety store has accepted a position in the office of the Coca-Cola Bottling Co. Mr. and Mrs. Jack Cammer spent Thursday of the past week with Mrs. Cammer's mother in Travis.

Our faith in straw polls will not be renewed until we are convinced that public opinion can stand still long enough to be counted accurately.

### THE CAMERON HERALD

## That Something Extra

No matter how you look at it there is always something appealing about a newspaper that prints the news, says things, stands for something and thereby gives that something extra.

No newspaper is worth its salt that does not approximate in every issue the sum total of requirements in its field of essential service.

The Press is the last frontier of freedom? If so the Responsibility is ours to print and the atmosphere in which to serve is the friendly support of the people.

There is, after all, a vast difference in newspapers. Some are good, some are bad. The worst of all a timerous sheet that follows the path of least resistance.

## Joe Hawkins Stars On Bobcat Champion Team This Year

Joe Hawkins of Cameron is a member of the 1948 Lone Star Conference champion Southwest Texas State Bobcats.

The Bobcats clinched the Lone Star Conference title with a 14-0 win over Sam Houston two weeks before the close of the season to give Southwest Texas its first football crown. The Bobcats win brought to an end the 13-year domination of two schools in the football scramble.

Hawkins, a sophomore, is a half-back. Last spring during the track season he participated on the Southwest Texas track team, winning a letter, and finishing third in the LST high hurdles.

Adolph Fisher of Rogers was a business visitor here Saturday.

Mr. and Mrs. William Eugene Odsey of Rockdale are the proud parents of a daughter born at St. Edwards Hospital, November 16, 1948. The baby weighed seven pounds and 11 ounces and has been named, Jackie Elen.

Mrs. A. C. Odum of San Gabriel is a patient in Newton Memorial Hospital.

Mrs. Herman Boedeker of Caldwell spent a few days in Cameron with her sister, Clara Matula and other relatives this week.

Mr. and Mrs. Lloyd T. Wilburn of Rockdale are the parents of a daughter born at St. Edwards Hospital November 16, 1948, baby weighed five pounds and six ounces and has been named, Elaine Sue.

The ground color of the zebra is white.

A quart of oil will lubricate 10,000,000 watches.

The chimney swift can fly straight up and down.

Water may weaken rubber but won't rot it.

Mr. and Mrs. Emil Horelica and his brother, Jim Horelica made a business trip to Temple and Belton Monday. They also visited for a short time in the home of Mr. and Mrs. Lonnie Geisler in Temple.

## Sweet Potatoe Looks Like Dove; Magic Soil Belt Does It Again

The magic soil belt has done it again, and so has W. M. Brown from Maysfield.

This time Mr. Brown brings in a sweet potatoe that looks so much like a dove the publisher has had to post a sign in the window that reads: "Don't shoot."

Well, if you want to use your imagination you can say the potatoe looks like a Pigeon too.

Last year Mr. Brown brought in a potatoe that resembled a duck. This year he has done the best yet with freak growth. If you are passing by The Herald windows, look for the potatoe dove.

## Gay Hill HD Club Holds Meeting

The Gay Hill Home Demonstration Club held its regular meeting Tuesday evening in the home of Mrs. A. A. Tuma.

Mrs. Daniel's gave a report on all the clubs activities. The club has permission to use the Gay Hill school house as a recreation center and all meetings will be there.

Mrs. Moody gave a demonstration on cake baking which was very interesting.

After the meeting adjourned the hostess served fruit punch and cake which Mrs. Moody had previously baked.

Mrs. Parker of Austin and Mrs. Mood were guests.

## O. J. Thomas Bulldogs To Close Season Here Against Calvert

Playing against the Calvert Tigers the O. J. Thomas Bulldogs will close their season for 1948 at Yoemen Stadium here Tuesday night, November 23.

The Bulldog-Tiger game is nearly always the outstanding game of the season. The public is invited to attend this game.

Printing is a home industry.

## Broilers Have Revolutionized Farm Income In Poetry Community Near Terrell; \$12,000 A Week Income In Less Than Year Is Record

Last December—just two days before Christmas—C. A. Wood started feeding 2,400 day-old chicks in his brand new corrugated aluminum broiler house.

Today there are 66 of these aluminum broiler houses in the Poetry community a few miles north of Terrell.

It's an agricultural venture operated on a business like basis and it's changing the agricultural picture of this Kaufman County community.

These broiler houses turn out 1,200 to 1,400 broilers every week, each house delivering a batch every eight weeks. They bring to the farmers an average of \$12,000 a week, a big shot in the arm to a cotton community.

C. A. Wood, who lives in a 70-year-old house on the farm his father owned before him, is typical of the men in the new broiler business.

He's always been a cotton farmer, making his cash income from the cotton which his 53 acres would raise.

After starting in the chicken business last December, he cut down on cotton, raising only eight acres this year, from which he's harvested three and a half bales.

Next year there won't be any cotton on the Wood farm.

"And there'll never be any more if this chicken business holds up," said Wood.

"Come back in a couple of years and see what's happened. I'm going to build me a new place to live."

Wood has brought off four batches of 2,400 chickens since he started raising them. He's cleared almost \$2,000 from chickens alone this year and he will have another bunch half-

way ready for market at the end of 1948.

He raised some hairy vetch this year, something else new on his place. He sold part of his seed for \$580, more new income.

Raising chickens has raised Wood's income considerably. It's meant electricity, running water and butane gas for his wife. He had to have those things to start in his broiler business.

Wood's chicken house was a novelty. The neighbors looked it over. You can stand by his chicken house now and look in every direction and you'll see the shining metal buildings.

A few miles from Wood live Mr. and Mrs. Hersel McAnnally and their children. McAnnally was a mechanic for the Ford garage in Terrell, built one broiler house for his wife.

The broiler business looked good. He quit his job, built three more houses. The McAnnallys will turn out 40,000 chickens this year. They have 9,600 chickens in various stages of growth at all times.

Mrs. McAnnally likes the gas, lights and running water the broilers brought to her. It makes her house-keeping easier.

These are typical of the folks who've gone into the chicken business.

This broiler development is due largely to one man, C. W. Williamson, a Terrell feed dealer, who for 20 years ran Terrell's Texas Military College.

Williamson saw that he could insure good business for his firm by promoting broiler production and that he could help the farmers establish a year-round income.

A Terrell bank finances the building of the house. It costs \$2,500 when lights, water and gas systems must be put in. Williamson finances the chickens and feed and markets the birds.

The farmer usually comes out on his first batch.

Not a one of Williamson's co-operators has made less than \$32 a week since the program started. One man cleared \$100 a week one time.

Williamson believes that by staggering production, having chickens come off every week of the year, he can be assured of a ready market.

He held meetings — which Wood and some of the others talk about yet—and told the Poetry farmers about raising broilers.

"You can depend on making a dime a bird," he said.

It's running about a dollar a bird now and Williamson keeps warning the farmers that they can't expect these high profits to continue.

But, he believes, if they get in business now and get their equipment paid for, they'll be in position to make a profit when and if the chickens pay only a dime profit.

He will not finance a program which calls for more chickens than a man and his family can care for. The chicken business on a family-farm scale won't pay hired labor, he says.

There are still some skeptics around Terrell concerning the broiler business. But the farmers in the business are not skeptical.

Those shining chicken houses look good. Those dollars in the bank look better. And running water and lights and butane gas make living a lot easier, they'll tell you.

Mr. and Mrs. Ralph Hughes of Navasota spent the week end in the home of Mr. and Mrs. H. C. Allen of Cameron.

## TEXAS GIVES TRUMAN MAJORITY OF 386,545

AUSTIN, Nov. 18—Texas voters gave President Truman a healthy majority of 386,545 votes over his five opponents in the Nov. 2 election final official canvass showed today.

The Secretary of State's tabulation gave Mr. Truman 750,700 votes to 282,240 for Governor Thomas E. Dewey and 106,909 for Governor Strom Thurmond of South Carolina, his States' Rights candidate.

Henry Wallace led the minor party candidates with a meager 3,764 votes. Claude Watson, the Prohibition Party candidate for President, received 2,758, and Norman Thomas, the Socialist Party candidate who admitted he could not win but thought Dewey would, mustered only 874.

In the Senatorial race, Lyndon Johnson, who won the Democratic nomination over former Governor Coke Stevenson in a photo finish by a microscopic margin, polled 702,985 votes to 349,665 over Jack Porter, his Republican opponent.

Chief Justice John E. Hickman of the Texas State Supreme Court proved the best vote-getter on the entire ballot. Hickman outdistanced every office seeker in the popular vote with 1,084,543.

The 51st Legislature will canvass the returns in the contests for Governor and Lieutenant Governor in January.

Constitutional amendments Nos. 1-7 passed by comfortable margins, but the vote on Amendment No. 8 pertaining to retirement of Judges was comparatively close.

1. County Workmen's Compensation Insurance, 574,987 for; 156,122 against.

2. Redistricting Board, 528,158 for; 153,704 against.

3. Community Property Partition, 548,718 for; 149,438 against.

4. Governorship Succession, 548,195 for; 130,119 against.

5. Preservation Homestead Exemption, 614,325 for; 104,059 against.

6. County Officers' Salary, 557,698 for; 140,953 against.

7. Ad Valorem Tax Abolition, 475,255 for; 201,572 against.

8. Judges' Retirement, 376,070 for; 312,624 against.

Dr. and Mrs. Donald G. Kilgore spent Wednesday night with Judge John Watson en route to Houston.

## Mrs. A. K. Gurecky Hostess to Leisure 42 Club in Cameron

Mrs. A. K. Gurecky was the charming hostess to the "42" Leisure Club members and one visitor, Miss Bessie Marak, sister of the hostess.

Members were happy to welcome the president, Mrs. Henry McLane back with the club after an absence of some time due to illness. Mrs. McLane presided at the business session and the secretary and treasurer gave their reports.

Roll call was answered by all mem-

bers with the exception of one who was ill. A get well card was autographed by the members and visitors and mailed to her.

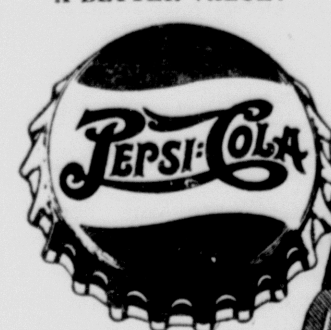

During the social hour games of "42" were played with Mrs. W. W. Balhorn holding high, Mrs. Leo Laake second and "84" and table cuts went to mesdames John Matyastik, Leo Laake and L. F. Slama.

The hostess was assisted by Miss Marak in serving spice cake, Ritz and punch.

Friends of Mrs. Albert Dörner will regret to learn she is ill and a patient in Newton Memorial Hospital.

## NEXT LEGISLATURE TO GET RURAL DEMANDS

Texas Rural Roads Association will convene in Cameron at 2:30 p. m. Saturday, November 20 and many in this area are expected to attend the session which is being held with the Commissioners Court as hosts.

County Judge Dan Tyson said the meeting hopes to bring citizens from all parts of the county. The Association was organized in 1947 and its purpose is to press for allocation of funds for the rural area of Texas, long neglected.

The meeting here Saturday takes on more importance in the light of statement Thursday by Governor Jester who has asked members of the

Legislature to confer with him in advance of the meeting of the Legislature in January. Each county in the state is requested to make recommendations on rural road needs.

Governor Jester has asked for at least 20 million dollars more to supplement funds already available for better farm to market roads.

The Texas Rural Roads Association is forming its own program and the meeting here Saturday will have the effect of focus of attention on this area.

Business men here and citizens from all parts of the county are urged to attend the meeting Saturday at the court house.

Mr. and Mrs. Leroy J. Kubecka of Dallas spent the past week end with his parents, Mr. and Mrs. V. A. Kubecka.

## Harold Pressley Goes All Out In Commending Farming In The Sand

Dead pan farming in the sand country east of the river has its better and brighter side, if you listen to Harold Pressley who has spent years there sort of existing.

"Mind you, I didn't say making a living," he told the Rotary Club Wednesday, "I just said existing." Mr. Pressley brought a lusty talk of farm struggle in the deep sand country.

The wholesome truth about it is that Harold Pressley is a very successful man. He hasn't made it off farming mind you, but don't get the idea he hasn't made his lands pay. Why, for many years he grew melon seed for the planters in watermelon belts of the country. Each year when autumn comes he markets the best pears in Texas. Then there are his grape crops.

"We have something in this sand country we have overlooked too long," he said.

Mr. Pressley owns a fine tract of land, has a beautiful home built of petrified wood and enjoys the blessings of a rich rural life in his mid fifties. Mr. and Mrs. Pressley have reared a fine family of children and all are successful.

"In the spring the sand farmer took his wife and kids to the prairie and chopped cotton and in the fall he went back and helped pick it. He made a few dollars and during the winter he ate sweet potatoes and sometimes a fat possum." Mr. Pressley revealed that about 65 per cent of the livestock in the county are south of the river.

He brought along for the gawking Rotarians an old wagon seat, a tree growth that resembled a yoke and a forked limb. He said when Cameron put in gas "it knocked us out on our wood money." The wagon seat he said was thrown in the bottom of the wagon so the farmer could have something comfortable to ride on going back home when they brought in wood from the post oak lands. The yoke he said is one of nature's boons to man. You simply stretch it and put it over the cow's head. "In Arkansas they call this a Democrat," he said. The forked stick he said was to poll hogs. You place the forked part under the hog's neck and held the porker up to eat acorns.

Mr. Pressley is a member of the Rotary Club.

## TAIL END OF BLIZZARD HITS CENTRAL TEXAS

A light freeze is forecast for central Texas Friday night and Saturday morning.

This area was feeling the tail end of a blizzard that wrapped a considerable portion of the west in snow with high winds whipping a lot of real estate off the plains and onto the farm lands of east and central Texas.

Temperatures early Friday in Cameron were some 8 degrees above freezing. Cameron was certain to get frost and it may freeze here. Temperature of 30 degrees was forecast for the Dallas area and a possible 34 might be the experience here although a freeze would not be surprising.

Portion of South Texas had rain but on the whole the norther brought in dry winds. The blizzard was sweeping east and Texas was on the fringe of the cold air mass.

## Membership Drive For Civic Music Group Is Progressing Well

Membership drive for the Milam County Civic Music Association was progressing well here. A number have purchased as many as five memberships. They are Shirley Horstmann, Mrs. Graham Gillis, Mrs. Stanley Swift, Miss Abbie Reese Harvey and Mrs. C. G. Swift.

The types of programs will be varied to bring a balanced fare of good music, including singers, it was said by Mr. McGurk. The talent committee will make selections from the available artists.

Memberships are transferable. Members are privileged to bring guests free of charge. Members may attend concerts given by other civic music groups also.

The membership campaign will close on November 20 and after that date no other memberships will be available. Those who wish to join may buy memberships from any one of the 80 workers now serving to promote the organization here and over the country.

Mrs. Dan Thweatt of Maysfield is ill and a patient in Newton Memorial Hospital.

Mrs. William J. Newton of Texas City spent a few days with relatives and friends in Cameron last week.

Mr. and Mrs. Ira L. Pack of the Bryant Station community were business visitors in Cameron on Wednesday.

## Lucien Kruse Goes To Chicago on A&M Stock Judging Team

Lucien Kruse, son of Dr. and Mrs. A. E. Kruse of Cameron, will be a member of the Texas A&M Senior for Chicago, Illinois Saturday, Nov. Livestock Judging Team that leaves 20. The team will compete in the Intercollegiate Livestock Judging Contest held in accordance with the International Livestock Show in Chicago each year. Thirty-four colleges and universities throughout the United States will be represented by similar teams in the contest which is to be held Nov. 27.

On the trip north the team will stop and do practice judging at such places as Purdue University at Lafayette, Indiana; Linwood Horse Farm, Carmel, Indiana; Circle A Hereford Farms, Morris, Ill., and at the University of Illinois. They plan to return to Texas about Dec. 3.

Other members of the A&M team making the trip are: Ralph Merriweather of Alpine, Ralph Wheat of Eastland, Fred Davis of Fort Worth, James Stroepe of Waxachie, Ed Steele of Graham, and Fred Wilkerson of Menard.

Kruse was a member of the team when it went to the American Royal Livestock Show at Kansas City last month. He is a senior at Texas A&M and is majoring in Animal Husbandry. He plans to graduate next June.

## Yoelets Win From Camp Hood 20 to 7

The Yoelets won their last game of the 1948 season from Camp Hood 20 to 7 Wednesday night to make the season record 3 wins and five losses.

Cameron made 15 first downs and Camp Hood made 9. The burden of the offense fell to Frank Malone and James Kahler, the latter scoring 2 and Malone scored one of the three touchdowns. Kahler ran two extra points over.

Ronsenberg's passing kept the game moving at a fast clip. He completed 3 out of 5. Top defensive

linemen were Denson Ermis and Marvin Allen.

Relatives have received word that Jerome Dusek of San Antonio, son of Mr. and Mrs. Joe Dusek has arrived in England. He expects to be employed at Warrington for the next three months. His wife, the former Iris Hodges of Watford Herts, England and their baby son will arrive there in a few days where they will visit her parents and other relatives.

L. C. Angell has returned from a business trip to Jackson Mississippi. Friends of Louie Butts will regret to learn he is ill and in Newton Memorial Hospital.

## YOEMEN IN SHAPE AS DEADLINE APPROACHES

The Yoemen are ready for their Bi-District game here Friday night with San Saba.

One of the encouraging reports from the stadium area Tuesday was that John Matula, halfback, injured in the Brenham game may be back in the starting lineup. He would succeed Fuchs or Braden, if he is able to play.

Matula suffered a bad knee injury and has been kept out of all the games.

The squad is in good shape and Coach Jackson was taking all precautions to have his men in feather edge condition for this important game. Bob Wilkinson will not start. He will be used only as a place kicker.

Coach Chrane at San Saba was putting his charges through their paces in anticipation of the meeting Friday night.

The Armadillos are bringing two very fine backs and fans there say they can match anything Cameron has. They are Dick Felts, 155 pound half back and Charles McDoniel, 168 pound fullback.

Comparative strength of the two teams will be discussed in the Daily Herald Wednesday. From what at first appeared an easy game for the Yoemen now looks quite tough.

S. E. Colbert and son accompanied by Sam Hohenstein made a business trip to Austin this week.

## Special Buses Will Bring San Saba Fans To Game Here Friday.

Special busses for the San Saba-Cameron bi-district football game will be chartered by the San Saba Junior Chamber of Commerce, and those wishing to ride the busses must register at the Jaycee office before 12 o'clock noon Tuesday in order that the organization will know how many busses to charter, according to Slim Cobern, secretary.

The round-trip ticket is expected to cost about \$3.80 per person, and the same rate will apply to children as well as adults. The busses probably would leave San Saba about 4 o'clock Friday afternoon.

A number of interested persons tried to arrange a special train for the occasion, but satisfactory rates could not be secured. Instead, the Jaycees were asked to make arrangements for chartered busses.—San Saba News.

Klaes Martensen van Roosevelt, who came to this country from Holland some time between 1644 and 1649, was the ancestor of seven American presidents: James Madison, Martin van Buren, Zachary Taylor, Ulysses S. Grant, William H. Taft, Theodore Roosevelt and Franklin D. Roosevelt.

Henry Lippman attended the Rice Freshman and A&M Freshman game in Houston Friday of the past week.

Bill Sefcik of Rogers, Rt. 2 was a Cameron visitor last week.

## POWER WIRE DOWN NEAR DAIRY HERD

A prize dairy herd at the Chamberlain Dairy was threatened Monday night and one of the fine cows is dead as the result of an electric power line wire being torn down, falling near the barns.

Mr. Chamberlain said that a truck had delivered some feed to his dairy Monday and may have struck the wire and thrown it to the ground.

Monday night he heard a disturbance at the pens and went out to investigate. A number of his dairy cows were on the ground with their feet in the air and one was dead. He started to touch one of the herd but was restrained by his son, who discovered the fallen wire.

Mr. Chamberlain rushed back and cut off the current and succeeded in saving the remainder of his herd.

Mr. Chamberlain said that some of the cows may die but he thinks they will survive the charge of electricity.

## Comment on Football Ticket Sales; Wants To Help All He Can

Cameron, Texas  
November 23, 1948

Daily Herald:

Please try to find out whether or not the school authorities and the elite got all the football tickets they wanted at the first grab. If not I would like very much to try for one down on the ground in front of the grand stand where I can't see anything but the flood lights. In case they can't find enough chairs I have some cement blocks I will be glad to lend them. If you get any information on why that 179 block of tickets was gobbled up let me know.

Yours truly,  
J. L. Barmore.

## Turkeys Proving Profitable For This Beginner

A Hill County widow is making a profit of more than \$2,500 for six and a half months of turkey raising.

Despite a brooder house fire, Mrs. Willis Sweeney, who lives two and a half miles west of Woodbury, raised and marketed 470 of 583 turkeys she bought for \$375 when they were a day old.

In the spring, Mrs. Sweeney bought two kerosene poultry brooders and her day-old birds.

The fire killed 73, a few others died. Mrs. Sweeney paid close attention to her birds. She bought all the feed for them while they ranged on 10 acres of pasture.

Her turkeys were due to bring \$4,700. Her investment and time were valued at \$1,875.

Mrs. Sweeney plans to buy electric brooders, go in the business on a larger scale next year.

## CHRISTIAN SCIENCE SERVICES

Thanksgiving Day services are held each year by The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts, and its branches throughout the world. The order of service includes the reading of a Lesson-Sermon on the topic of "Thanksgiving," and opportunity is afforded for testimonies of gratitude to be expressed appropriate to the occasion. The public is cordially invited to attend these services.

Thanksgiving services will be held in Cameron Wednesday evening, Nov. 24 at 7 p. m.

The Golden Text is: "Offer unto God thanksgiving; and pay thy vows unto the most High" (Psalms 50:14).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "And let the peace of God rule in your hearts, to the which also ye are called in one body; and be ye thankful" (Colossians 3:15).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The rich in spirit help the poor in one grand brotherhood, all having the same Principle; or Father; and blessed is that man who seeth his brother's need and supplieth it, seeking his own in another's good" (page 518).

## Football Tickets Are Quickly Sold

All available reserved seat tickets to the Cameron-SanSaba football game here Friday night, November 20 were sold Friday morning within less than an hour.

Tickets sold here are for the north stands. All seats on the south side of the field were reserved for San Saba. Whether these tickets will all be sold is not certain and some may be turned back. In that case they will be sold here.

Printing is a home industry.

## MRS. D. FITZGERALD FUNERAL SATURDAY

Mrs. Dora Elizabeth Fitzgerald, 50, former resident here, died in Fort Worth at 9:30 p. m. Thursday, November 18.

Mrs. Fitzgerald was the daughter of Mrs. Ike Reynolds of Cameron. She had made her home in Smithfield, Texas for the past 10 years.

Funeral services were held at 3 p. m. Saturday, November 20 from the Chapel of the Green Funeral Home in Cameron by Rev. Lee Lemons, pastor First Methodist Church with interment in the old city cemetery east of Cameron.

Surviving are her husband, R. E. Fitzgerald, one daughter, Thelma Fitzgerald of Fort Worth, one sister, Mrs. Mattie Braden, and one brother, Ben Reynolds of Cameron. Four grandchildren also survive.

## 34 DEGREES IN CITY SATURDAY MORNING

Cameron had a low of 34 degrees here Saturday morning, two degrees above freezing. The temperature at 9 a. m. was above 50.

Forecast was for warmer by late Saturday and Sunday. One of the worst blizzards in history had marooned a large section of Kansas and the west.

## We Get .42 Inches Of Rain Sunday

Cameron had .42 inches of rain early Sunday it was disclosed by L. W. Smith, local observer for the government weather bureau.

Mr. Smith said that the low on temperature here Monday was 37 degrees. Indications were the temperature might be lower by Tuesday morning.

A dry norther hit Texas Sunday and skies were clear over the state. It was 25 degrees in Amarillo Monday morning.

The Sunday rainfall brought the total to well over an inch during the past few days.

## LAST GAME OF SEASON WILL BE GOOD BATTLE

(From the Daily)

Cameron football fans are in for a real treat to-night when the Yoemen take on the Waco Kittens in their last scheduled game of the 1948 slate.

The Kittens are rated pretty high and the game to-night promises to be a good one. The game is scheduled for Thursday instead of the usual Friday night booking.

The Yoemen have not been defeated in season play in the conference nor in any of the inter-sectional games. They won the 21-A District Title here last Friday night by defeating Rosebud 19 to 7.

The Waco Kittens have played a hefty schedule and although they have been defeated they have provided many girdiron thrills. "It is going to be a good ball game," said Superintendent Hanes.

Leading fans here feel that since the Yoemen have won their district and brought more fame and favorable publicity to Cameron they should be greeted with a full turnout of people to-night.

Coach Leo Jackson said his fine team had come out of the Rosebud game with only minor injuries and all are in tip top shape except Bob Wilkinson who went out of the game with an old shoulder injury.

Bob Zoltz who has captured the interest of scouts injured his toe in practice this week and may have to yield the kickoff job to another team mate, Joe Johns.

## Tickets on Sale For Barbecue At Dam Site Thursday, Dec. 9th.

Tickets for the barbecue and ground breaking ceremonies to be held Dec. 9 to mark the beginning of work on the Leon dam will go on sale Tuesday, Nov. 23 at the office of the Chamber of Commerce, according to L. Van Perkins, chairman of the attendance, ticket and finance committee in Milam County.

At a meeting held in Temple Friday, which was attended by L. Van Perkins and A. W. McCullin, the committee decided to sell over 3000 tickets at \$1.50 each.

Tentative plans for the program reveal that Texas Congressmen, officers of the Army and Army Engineers and high state officials will appear on the program.

The complete program will be announced within the next few days.

Rev. Bill Dyo, senior Mission volunteer and Ministerial student, and president of the B. S. U. at Baylor University was guest speaker at First Baptist church Sunday.

## Congressman Macy Says Auto Sales Are Facing Controls

WASHINGTON, Nov. 16 — Rep. Kingsland Macy, Republican of New York, chairman of a special House committee investigating price gouging by automobile agencies, warned today that the "greed and avarice of a few dealers" raised the possibility of controls of automobile sales.

Macy issued the warning as his committee ended two days of hearings featured by tales of \$500 tips to auto salesmen, fat profits on unrecorded trade-ins, and failure to comply with local reporting regulations.

Branding these practices as "anything but laudable," Macy said:

"It would be deplorable if the greed and avarice of a few dealers and the lack of an effective program on the part of manufacturers should catapult an entire basic industry of the country into thorough disrepute and even the possibility of controls."

Miss Verna Harris and mother, Mrs. W. R. Harris of Cameron and Mr. and Mrs. Vernie Miller attended the singing convention at Milano Sunday.

Herbert Madeley of Cameron visited his daughter, Patsy Madeley in Temple Sunday. Mr. Madeley recently set up a radio repair shop in Cameron.

Imagination was given to man to compensate him for what he is not, and a sense of humor was provided to console him for what he is.
